DOMESTIC EVENTS

I-CAN FINANCIAL SOLUTIONS

MONSOON SESSION: A WASHOUT

- A big disappointment – some say it was the second worst in 15 years – mainly because of the Opposition obstructing the proceedings.
- Only one Bill – the Delhi High Court (Amendment) Bill, 2014, passed by Rajya Sabha in the previous session which was passed by Lok Sabha during this session – was passed by both Houses. The Lower House passed four Bills in all, but the Upper House did not pass any.

LOWER INTEREST RATES

- RBI Governor Raghuram Rajan reduced the repo rate, the rate at which the central bank lends to commercial banks, to 6.75% from 7.25% in the Monetary Policy Review on 29th September.
- A welcome move – in the background of slowing growth
- The RBI is now more focused on working with the Government to ensure that the benefit of rate cuts is passed on by the banks to the consumers.

IMPORTANT REFORMS

- **INFRASTRUCTURE**

- To enable insurance and pension funds to invest in India's infrastructure companies with credit rating of BBB- and above, the Reserve Bank of India has allowed banks to do partial credit enhancement (PCE) of bonds offered by such infrastructure companies.
- The government on 27th Aug released a list of 98 cities selected for the smart cities project aimed at kick-starting the next wave of planned urbanisation in India.
- A proposal to redevelop about 400 railways stations in metros and major cities besides pilgrim centres and tourist spots was cleared
- The Cabinet, chaired by Prime Minister Narendra Modi, approved establishment of the proposed Rs 20,000-crore National Investment and Infrastructure Fund (NIIF).

- **BANKING & INDUSTRY**

- Coming to the aid of domestic oilseeds farmers and the processing industry, the government has hiked the import duty on crude and refined edible oils by 5 percentage point each
- The government is planning to reduce its stake in State-run banks to 52 per cent to make them more professional and independent, Finance Minister Arun Jaitley said. It will reduce govt interference and improve the quality of decision making.

IMPORTANT REFORMS

- FISCAL REFORMS:

- The government mobilized over Rs. 9,300 crore from a 10% stake sale in IOC, which is the largest one this financial year, although it was rescued largely by institutional investors like LIC.
- In line with fall in international crude prices, petrol and diesel prices have been reduced:

- Four hikes in excise duty on petrol and diesel between November 2014 and January 2015 have generated an additional revenue of Rs 30,000 crore in the first five months of the current fiscal

IMPORTANT REFORMS..contd

- FOREIGN INVESTMENTS RELATED
 - New foreign investment Policy: The government allowed up to 49% foreign portfolio investment (FPI) through the automatic route in most sectors such as brownfield pharmaceuticals, single-brand retail, insurance, pension and facsimile editions of foreign newspapers.
 - Promising a simpler foreign investment regime, the government introduced a concept of composite cap for all kinds of overseas inflows including through FDI, FII and NRI routes.

- The Chinese Shanghai Composite index was the worst performing global index in August as well as September

US MONETARY POLICY

- On 17th September, the US Federal Reserve left interest rates unchanged due to worries about the global economy, financial market volatility and low inflation at home.
- It left open the possibility of modest rate rises later this year.

“What did surprise me was that the president of the Richmond Virginia Fed was the only one who voted in favor of an increase,” Veteran investor Wilbur Ross, chairman of WL Ross to Economic Times

TURBULENT GLOBAL MARKETS

- June-September: Worst quarter since 2011
- \$11 trillion worth of global shares have been shed over 3 months
